PROFESSIONAL SUMMARY

Computer Science graduate specializing in Artificial Intelligence and Data Science with strong hands-on experience in **Machine Learning, Deep Learning, and Generative AI**. Skilled in designing, training, and deploying AI-driven systems, integrating Large Language Models, and building end-to-end AI pipelines. Seeking an entry-level **AI Engineer** or **Machine Learning Engineer** role.

TECHNICAL SKILLS

Programming: Python, SQL

Data Handling: NumPy, Pandas

Machine Learning: Regression, Classification, Clustering, Feature Engineering, Model Evaluation

Deep Learning: TensorFlow, Keras, PyTorch

Natural Language Processing: Text Preprocessing, Tokenization, Intent Processing, NLU

Generative AI: LLMs (OpenAI, Google Gemini, LLaMA), Prompt Engineering, RAG, CAG

LLM Frameworks & Agents: LangChain, LangGraph

Libraries & Tools: Scikit-learn, Matplotlib, OpenCV, Whisper, FAISS

Frameworks: FastAPI, Streamlit

Deployment Platforms: Render, Vercel

Cloud Basics: Microsoft Azure

Databases: PostgreSQL, SQLite, MySQL

Developer Tools: Git, GitHub, VS Code, Cursor, Jupyter Notebook

EXPERIENCE

Artificial Intelligence Intern

Jan 2025 – Mar 2025

TeckyBot

- Developed the **AI Healthcare Chatbot** using **Google Gemini LLM** to provide intelligent real-time healthcare assistance and medical report summarization.
- Built AI-powered workflows integrating **Large Language Models (LLMs)**, backend systems, and prompt engineering techniques for conversational AI solutions.
- Contributed to AI model workflows including preprocessing, response optimization, conversational memory handling, and API integration.

AI Intern

Mar 2026 – Apr 2026

Synycs Enterprises Private Limited

- Engineered a **Dynamic Pricing Intelligence Platform** for competitor price tracking, intelligent e-commerce pricing analysis, and automated pricing recommendations.
- Applied **Machine Learning algorithms** including clustering, anomaly detection, confidence scoring, and **GenAI-powered report generation** for actionable pricing insights.
- Developed scalable backend workflows, automated data pipelines, **historical price analytics dashboards**, and real-time monitoring systems for pricing intelligence.

PROJECTS

AI Telegram Medical Assistant (Agent Workflow)

<https://github.com/devendrareddy2344/RAG-Medical-Assistant-n8n-Workflow->

- Developed an **AI-powered Telegram medical assistant** using **n8n workflow automation** and Google Gemini LLM for intelligent healthcare query handling.

- Implemented **Retrieval-Augmented Generation (RAG)** pipelines with external knowledge integration to improve contextual response accuracy.
- Designed **multi-user conversational memory** using PostgreSQL for scalable and stateful AI interactions.
- Built end-to-end **AI automation workflows** involving API orchestration, tool calling, and automated response delivery.

Technologies: n8n, Google Gemini API, Generative AI, Agentic AI, RAG, Prompt Engineering, PostgreSQL, REST APIs

AI Clinical Trial Eligibility Engine (NLP + ML + Full-Stack)

<https://github.com/devendrareddy2344/AIClinicalTrials>

- Architected an **AI-driven Clinical Trial Eligibility Engine** to automate medical protocol analysis and patient eligibility evaluation.
- Designed a multi-stage **NLP pipeline** using transformer-based models and **vector search** for semantic matching and eligibility prediction.
- Implemented intelligent detection of explicit and implicit exclusion criteria from unstructured biomedical text using **Machine Learning** and **BERT models**.
- Engineered a scalable full-stack system with secure backend APIs, authentication, real-time tracking, and responsive dashboard interfaces.

Technologies: Python, FastAPI, PyTorch, FAISS, PostgreSQL, React.js, Hugging Face, BERT, NLP, Machine Learning

EDUCATION

B.Tech – Computer Science and Engineering (AI & DS) Audisankara Institute of Technology, Gudur CGPA: 8.4	2021 – 2025
Intermediate – MPC BSR Junior College, Tirupati CGPA: 9.13	2019 – 2021
SSC – Secondary School Certificate Zilla Parishad High School, Nallalingayapalli CGPA: 8.5	2018 – 2019

CERTIFICATIONS

Machine Learning – Kaggle
GenAI Powered Data Analytics – Tata
Artificial Intelligence & Machine Learning – InternPe
Python with OOPS – Value Laden
Artificial Intelligence – Great Learning
